Dear Dr. Hamid:

Thank you for showing me around Pakistan and getting me a yearly subscription to Islamic Art and Architecture.

I have told you that I am interested in Islamic architecture when we were in the college; I am so glad that you remember it. Pakistan is a very beautiful and friendly country that I would never forget.

Once again, thank you for giving me an entertainment. If you ever plan to visit Taiwan, I would be happy to take you to see Taiwanese culture.

Regards,

Chien Lin Huang
